故事梗概

星星郵輪是從菲律賓出發,行程六天五夜,原本預計今晨5點鐘到基隆港,意外提前三小時到達,大約凌晨2點,所有乘客船後,清理船艙竟意外現有一名旅客還在客房的床上沒下船!

「旅客女的,全身赤裸,披頭散髮地躺在208客房床上,身上佈滿血跡多處縫合的傷痕,經查明,身份是菲律賓籍Sally, 28歲。

「女的看起來的確很像被謀殺。船員嚇得馬上撥打119。送醫後現Sally遭人注射了大量麻醉,尚未清醒。」

先前,美麗的菲律賓女子Sally與英俊體貼的台灣男友Jim正享受浪漫假期,然而這一切只是誘餌。Jim的真實身分是保險業務員姜俊良,他利用美男計將Sally騙上船,並在夜半夥同隨行的黃醫師對她注射強效麻醉,活摘下一顆腎臟。郵輪提前抵達基隆港,警方破獲了這個非法器官買賣集團,意外救下尚有氣息的Sally,並逮捕了姜俊良等5人。

就醫發現Sally體內只有一顆。醫院立刻報警,醫院懷疑Sally是遭人注射麻藥,趁她無意識,偷偷挖走了一顆腎!

黎律師受託替被捕的保險業務員姜俊良辯護。不料,外表溫文儒雅的姜俊良竟大方認罪,坦承自己利用「美男計」誘騙Sally等外籍受害者上郵輪,再由隨行醫生黃醫師在船上麻醉並活摘器官,隨後將受害者拋屍大海,且這一切背後由大企業「榮耀保險公司」與眾多名醫、海關共謀撐腰。

不久後,Sally在醫院「被自殺」墜樓身亡。在龐大共犯結構被揭發後,全案14名被告遭起訴判刑,僅姜俊良因坦承悔過獲判緩刑二年。然而兩年後,姜俊良因急性盲腸炎送急診,卻在手術前連同病床神秘失蹤。當他再次被推回手術室時已氣絕身亡,體內的腎、肝、心、肺等所有器官皆被活摘一空,只剩下一具空殼,迎來了最慘烈的因果報應。

「榮耀保險公司」的背後到底是誰在撐腰?

Story Synopsis

The *Star Cruise* departs from the Philippines for a five-day, six-night voyage. Originally scheduled to dock at Keelung Port at 5:00 AM, the vessel unexpectedly arrives three hours early. Around 2:00 AM, after all passengers disembark, crew members cleaning the cabins make a shocking discovery: a traveler is still left on the bed in Room 208.

The passenger is a female, found completely naked with her hair disheveled, splayed across the mattress. Her body is covered in blood and marked with numerous stitched incisions. She is identified as Sally, a 28-year-old Philippine national. At first glance, it looks like a brutal murder, and the terrified crew immediately calls emergency services. Upon being rushed to the hospital, it is revealed that Sally is not dead; she was injected with a massive dose of anesthesia and has not yet regained consciousness.

Prior to this, the beautiful Sally and her handsome, attentive Taiwanese boyfriend, Jim, were enjoying a romantic vacation—but it was all a trap. Jim's true identity is Jiun-Liang Jiang, an agent for Glory Insurance Company who used his charm to lure Sally onto the cruise. In the dead of night, he and an accomplice, Dr. Huang, injected her with heavy anesthesia to covertly harvest one of her kidneys. Because the cruise docked early, the police successfully intercept and dismantle this illegal organ trafficking ring, saving the barely breathing Sally and arresting Jim along with four others.

Medical scans confirm that Sally has only one kidney left. The hospital immediately alerts the authorities, suspecting she was drugged and her organ stolen while unconscious. Attorney Li is retained to defend the arrested insurance agent, Jiun-Liang Jiang. To her astonishment, the

elegant and soft-spoken Jim readily confesses. He calmly admits to using his charms to entice foreign victims like Sally onto the cruise ships, where Dr. Huang would drug them and extract their organs. The victims were then thrown into the open sea. Jim further reveals that the entire operation is backed by a massive corporate entity, Glory Insurance Company, along with prominent physicians and corrupt customs officials.

Shortly after, Sally tragically plunges to her death from the hospital roof in a staged suicide. As the gargantuan syndicate unravels, 14 defendants are indicted and sentenced. Jim, due to his genuine confession and remorse, is the only one granted a light sentence of a two-year probation. However, two years later, Jim is rushed to the emergency room with acute appendicitis. Just before surgery, he and his hospital bed mysteriously vanish. When he is finally wheeled back into the operating room, he is already dead. His abdomen has been violently cut open, and his kidneys, liver, heart, and lungs have been completely hollowed out. Left as nothing but an empty shell, he meets the most brutal form of karmic retribution.
